"ACCELERATED GROWTH FOR EVERY SPORT IN ESWATINI"

5th April 2023

The Chairman

Atibuye Emasisweni

Dear Sir

We acknowledge receipt of your correspondence on the 3rd of April 2023.

We appreciate your proposal to partner with Eswatini School Sports Association in identifying talent within the schools structures. The Association have vision of accelerating sports growth and development at grassroots level and football being a popular and loved sports program of talent identification and nurturing will positively impact on helping kids develop better within the school's sports programs.

We are not only focusing on the development of child (boys & girls) but we are also helping teachers acquire coaching skills hopefully your foundation will also help in the area of coaches in schools as we intend using qualified teacher coaches in the future.

We are open to working with your Foundation in taking full responsibility in unearthing talent. We look forward to further discussions on your other proposals and our possible suggestions.

Yours sincerely

Anthony Mdluli

ESSA Chairman
